

# 2025 ADULT SPECIALTY DIRECTORY

A PRACTITIONER'S GUIDE FOR REFERRALS

Dear Colleagues,

Since its inception, the M Health Fairview brand has combined the University of Minnesota's deep history of clinical innovation and training with Fairview's extensive roots in community medicine. We aim to provide increased access to the latest techniques and advances in medicine — which not only closes the distance from bench to bed, but also puts care closer to home for patients, families, and care teams. Our ultimate goal is to provide breakthrough medicine and transform the health of our communities for the better.

In bringing this vision to life, we rely on partnerships with referring physicians from across the metro, the state, the region, and the country. And, in an effort to improve the understanding of and access to our many areas of specialty, we've developed this useful directory as a tool to help you and your partners more easily navigate our system.

On the pages that follow you'll find a comprehensive guide to our adult areas of specialty — including an overview of our specialty offerings, featured capabilities and services, locations, scheduling information, provider-to-provider consult resources, and Epic path details by specialty.

Whether it is in one of our hospitals, ambulatory surgery centers, or local clinics, we hope to have the opportunity to partner with you when and where you and your patients can benefit from our 100+ areas of specialty. We also welcome the opportunity to discuss participation in one of our over 1,100 clinical trials, should that be a necessary path.

We look forward to partnering with you in the near future, and please feel free to reach out to either of us if you have any questions.

Best regards,

**Jaya Kumar, MD, MBA**

Executive Vice President and Chief Medical Officer, Fairview Health Services

**Bevan Yueh, MD**

Chief Executive Officer, University of Minnesota Physicians

Vice Dean of Clinical Affairs, University of Minnesota Medical School

## KEY PERFORMANCE/RECOGNITION HIGHLIGHTS

M Health Fairview Masonic Children's Hospital was once again recognized as the Twin Cities' top-ranked children's hospital by U.S. News & World Report, making it the longest-running top-ranked children's hospital in the region.

M Health Fairview's Northland and Lakes medical centers were recognized as Top Performing Community Hospitals.

M Health Fairview Ridges, Southdale, and Woodwinds hospitals have all been recognized as LGBTQ+ Healthcare Equality High Performers in the Human Rights Campaign Foundation's (HRC) 2024 Healthcare Equality Index (HEI).

M Health Fairview Masonic Children's Hospital is recognized as a Center of Excellence by the National Organization for Rare Disorders (NORD).

M Health Fairview Masonic Cancer Clinic is the Twin Cities' only Comprehensive Cancer Center, designated "Outstanding" by the National Cancer Institute since 1998.

M Health Fairview St. John's Hospital was ranked No. 1 and Southdale Hospital ranked No. 3 in the Twin Cities for cardiology.

M Health Fairview University of Minnesota Medical Center and M Health Fairview Southdale and Ridges hospitals were ranked among the top 10 hospitals in Minnesota according to the U.S. News & World Report 2024-2025 "Best Hospitals" list.

Proudly recognized as an **ELITE Liver Transplant Program** by INTERLINK COE Networks & Programs.

Four M Health Fairview hospitals were also honored for Excellence in Heart Care by Healthgrades.

Newsweek recognizes M Health Fairview Acute Rehabilitation Center No. 1 in the Midwest.

Minnesota Hospital Association

Multiple MHFV facilities were recognized by the Minnesota Hospital Association for projects that make Minnesota healthcare better, including the Exceptional Minnesota Hospital Workplace award and Recognition for Innovation in Patient Care.

We celebrated the most "Top Doctors" and "Rising Stars" of any health system in the state — 450 doctors across 87 specialties.

## MEDICAL SPECIALTIES PALLIATIVE CARE

We offer inpatient palliative care at UMMC, Southdale, St. John's, Bethesda, Woodwinds, Ridges, Lakes, and Northland hospitals. Clinic care is available at the locations listed below. For inpatient consult, enter an Epic referral. For general Palliative Care Program questions call 651-232-3350. For outpatient scheduling call 651-471-9200.

**PATIENT REFERRAL SCHEDULING:** 651-471-9200  
**PROVIDER-TO-PROVIDER CONSULT:**  
 See AMCOM for team pager for location.  
**WEBSITE:** [mhealthfairview.org/specialty/palliative-medicine](https://mhealthfairview.org/specialty/palliative-medicine)

### FEATURED CAPABILITIES

- Care is focused on providing patients with relief from the symptoms, pain, and stress of a serious illness, whatever the diagnosis
- Palliative care is appropriate at any age and at any stage in serious illness and can be provided together with curative treatment
- The goal is to improve quality of life for both the patient and the family. Palliative care is provided by a team of doctors, nurses, social workers, and other specialists who work with a patient's other doctors to provide an extra layer of support.
- Virtual visits are available at all our clinic locations

### SERVICES

- Access to complementary treatments, such as guided imagery and self-hypnosis training
- Assistance and support to make difficult medical decisions
- Assistance with family challenges, such as difficult communications, coping with stress, and helping children understand and cope with illness of a loved one
- Counseling and therapy
- Help to make sure patients are as comfortable and active as possible
- Treatments to relieve pain and related symptoms

## MENTAL HEALTH AND SUBSTANCE ABUSE SERVICES

## ADDICTION MEDICINE

Our Addiction Medicine service specializes in diagnosis, prevention, treatment, and recovery for individuals with substance use disorder (SUD). We have a multidisciplinary and diverse team to serve any and all needs related to substance use and mental health concerns. Our whole-person approach supports long-term recovery. Medication for Addiction Treatment (MAT), which includes medications for withdrawal symptoms and cravings, is regularly prescribed by our medical providers.

**PATIENT REFERRAL SCHEDULING:** 800-468-3120

## MENTAL HEALTH AND SUBSTANCE ABUSE SERVICES

## ADULT LODGING PLUS

Adult Lodging Plus is a residential program, located on the UMMC Riverside campus, for adults with substance use disorder. It is an approximately 28-day program. Referrals to the next level of care provided before discharge.

**FEATURED CAPABILITIES**

The program is a high-intensity residential program providing 30 hours of substance use disorder (SUD) treatment weekly. Patients need to be ambulatory and able to provide their own cares. An RN is available daily to support clients in managing their own medical needs. There is access to mental health care and addiction medicine services. Those needing interpreter services are able to attend the program.

**LOCATIONS****Lodging Plus Residential Program**

2312 S. 6th St., 5AW  
Minneapolis, MN 55454

## MENTAL HEALTH AND SUBSTANCE ABUSE SERVICES

## ASSESSMENT CENTER

The Assessment Center provides mental health, substance use, and dual assessments for adults, adolescents, and children who are needing an assessment and referral for their next episode of care or who have questions about the most appropriate care based on their current symptoms. After an interview with the patient, service recommendations are made and the patient is given referral options. Next level of care appointments are scheduled whenever possible.

**MENTAL HEALTH AND SUBSTANCE ABUSE SERVICES**    **COLLABORATIVE CARE PSYCHIATRIC SERVICES (CCPS)**

The Collaborative Care Psychiatric Services (CCPS) model allows for M Health Fairview patients to receive psychiatric care without leaving the care system. Primary care providers (PCPs) are able to refer patients to the service during a visit, if they deem specialty services are necessary. The CCPS providers are able to see patients in an attempt to optimize medications — they generally see patients a few times only, and then if stable have the patient return to their PCP for ongoing medication management and refills. If after a few visits the patient remains unstable, the provider can choose to continue to see the patient longer or refer them to long-term community psychiatry.

## MENTAL HEALTH AND SUBSTANCE ABUSE SERVICES

## INTEGRATED BEHAVIORAL HEALTH

Integrated Behavioral Health is the care that results from medical providers and behavioral health clinician's (BHCs) partnering together with patients and families to provide a patient-centered, whole-person approach to address medical and behavioral health needs. The BHCs and care team work together to care for patients by considering the physical, behavioral, and emotional aspects of health concerns.

## MUSCULOSKELETAL

## NONOPERATIVE SPORTS MEDICINE

Most muscle, bone, and joint injuries do not require surgery. Our team of board certified nonoperative sports medicine physicians have advanced and specialized training in the evaluation, management, and treatment of muscle, bone, and joint issues, from shoulders to toes, in both children and adults. They will help optimize function and performance through a myriad of up-to-date technologies and research-based interventions, from therapies to injections. And, when surgery is needed, they will refer to our team of world-class orthopedic surgeons.

## MUSCULOSKELETAL

## ORTHOPEDIC SURGERY

M Health Fairview offers care for all orthopedic injuries and conditions in adults and children. Our specialists treat ankles, feet, hands, wrists, fingers, hips, knees, shoulders, elbows, and the spine (see Spine Care, page 57), including conditions as common as arthritis and as specialized as musculoskeletal tumors.

**PATIENT REFERRAL SCHEDULING:** 612-672-7100

**PROVIDER-TO-PROVIDER CONSULT:** 612-672-7100

**EPIC PATH:** Orthopedic Concierge Order

**WEBSITE:** [mhealthfairview.org/categories/Bone-And-Joint-And-Muscle](https://mhealthfairview.org/categories/Bone-And-Joint-And-Muscle)

**FEATURED CAPABILITIES**

- We have a reputation for accurate, right-the-first-time diagnoses and complete treatment options
- Whether your need is routine or complex, we use the latest research and innovations to treat you with the best-fit solution
- We care for all of your orthopedic needs but will also help you navigate other needs by tapping into our large practice of academic specialists
- We provide you the same high-quality care that we give University of Minnesota Gopher athletes

**TREATMENT FOR**

- Arthritis, fractures, and dislocations (all bones and joints)
- Foot and ankle disorders (arthritis, bunions, deformities resulting from fractures or overuse, flat feet)
- Hand, wrist, and elbow conditions (congenital hand differences, stiff elbow, nerve injuries)
- Hip (femoroacetabular impingement, labral tears)
- Knee (full and partial replacement, patella realignment, ligament tears, meniscus tears, cartilage restoration)
- Patella (instability, pain, arthritis)
- Shoulder (rotator cuff disease, arthritis, labral tears)
- Spine (disc herniation, scoliosis, spinal stenosis) (see Spine Care, page 57)
- Sports medicine (cartilage damage, ligament and meniscus injuries)
- Tendon injuries (Achilles, biceps, elbow extensor/flexor, lacerations)
- Tumors (Ewing's, metastatic disease, osteosarcoma — all locations including spine)

## MUSCULOSKELETAL

## PODIATRY/FOOT AND ANKLE SURGERY

M Health Fairview's team of 12 podiatric experts diagnoses and treats disorders of the foot and ankle — both nonsurgically — including bone work of the foot and ankle and soft tissue below the knee. Those that perform surgery have completed a three-year surgical residency and are board certified in foot and ankle surgery.

**PATIENT REFERRAL SCHEDULING:** 612-672-7100  
**PROVIDER-TO-PROVIDER CONSULT:** 612-672-7100  
**WEBSITE:** [mhealthfairview.org/specialties/podiatry](http://mhealthfairview.org/specialties/podiatry)

## SERVICES

- Comprehensive management of foot and ankle disorders, below the knee; ankle and lower leg pain
- Arthritis
- Bunion deformity
- Diabetic foot- and ankle-related problems
- Flat foot
- Foot and ankle conditions that may require surgery and/or orthotics
- Fractures and dislocations
- Hammer toe heel pain and spurs
- Infections, wound problems
- Ingrown toenail
- Ligament strains and tears

**NEUROSCIENCES** **NEUROPSYCHOLOGY**

Our board-certified clinical neuropsychologists use a battery of cognitive exams to make inferences about brain function. Such testing is useful in the treatment of degenerative processes such as Parkinson's disease, dementia, and multiple sclerosis. We also evaluate a patient's eligibility for procedures such as deep brain stimulation, epilepsy surgeries, bariatric surgery, and heart/lung/liver transplants.

## NEUROSCIENCES NEUROSURGERY

The M Health Fairview Neurosurgery program combines the expertise of our regional and nationally recognized neurosurgeons with advanced, state-of-the-art technology to provide outstanding neurosurgical care for some of the most difficult problems facing neurosurgical patients today. Whether your patient's condition is common or complex, you can trust our university and community hospital neurosurgeons to have expertise and experience, ensuring your patients receive the highest quality and best service.

The use of advanced technology, such as interoperative MRI, imaging-guided endoscopy and stealth navigation, robotically assisted spine surgery, and Gamma Knife radiosurgery, makes M Health Fairview the most technologically advanced program in the Twin Cities.

Knowing your patients will have access to subspecialized neurosurgeons in the areas of general neurosurgery, deep brain stimulation (DBS), endovascular surgery, neuro-oncology, skull base surgery, complex spine surgery, and pediatric neurosurgery adds confidence you've referred to one of the best programs in the region — M Health Fairview Neurosurgery.

## NEUROSCIENCES SPINE CARE

The M Health Fairview Spine Care program provides a full spectrum of diagnostic services, curative therapy, treatments, and interventional procedures, as well as renowned surgical care ranging from minimally invasive to the most complex revisional and deformity surgeries. The program includes nonsurgical physical medicine and rehabilitation (PMR), sports and pain management physicians, and, when clinically warranted, neurosurgery and orthopedic spine surgeons. Our medical spine specialists have strong diagnostic expertise, ensuring patients have the correct care plan for their clinical condition and unique goals. M Health Fairview's renowned spine surgeons utilize the most advanced imaging, stealth guidance, and robotically assisted spine technology to ensure the best surgical outcomes and highest quality care for patients. From a minimally invasive microdiscectomy to complex revisional or deformity surgery and spinal tumor surgery, you can trust M Health Fairview to provide the full spectrum of back and spine care.

## SOLID ORGAN TRANSPLANT

We have more than 50 years of experience in the clinical care of over 16,000 organ and cell transplant recipients of heart, lung, kidney, liver, pancreas, and islet transplants. We have cared for more than 5,000 living organ donors. Because our physicians from different specialty areas work together closely, we are highly skilled at treating patients who have medical problems with more than one organ, such as kidney and liver disease. We've been consistently ranked as a top provider by national and local publications.

**PATIENT REFERRAL SCHEDULING:** 612-625-5115

## SURGICAL COLORECTAL

M Health Fairview surgeons are skilled in performing colon and rectal operations. Many anal and rectal disorders can be treated during the course of one visit to our surgery clinic. If you have a more complex condition, we will assemble a multidisciplinary team to care for you, using the most modern therapies and surgical skills available today. Most of our operations are minimally invasive, providing you with smaller incisions, less pain after surgery, a shorter hospital stay, and faster recovery. We specialize in bowel preservation and sphincter-sparing surgery to preserve your natural bowel function.

**PATIENT REFERRAL SCHEDULING:** 612-624-9708

**IMAGING SERVICES**

**RADIOTHERANOSTICS**

M Health Fairview University of Minnesota Medical Center's dedicated five-bed radiotheranostics unit is the first of its kind in Minneapolis-St. Paul offering both diagnostic and treatment options. Additionally, the center has been named a Radiopharmaceutical Therapy Center of Excellence by the Society for Nuclear Medicine and Molecular Imaging (SNMMI).

Radiotheranostics is considered the most clinically advanced application of targeted therapy, and it uniquely offers patients an advanced therapy option with improved outcomes.

The M Health Fairview radiotheranostics team of oncologists and nuclear medicine radiologists offers treatment for patients with the following diagnoses:

- I-131 for thyroid cancer
- Radium 223 Xofigo® for metastatic prostate cancer
- Lu-177 Lutathera® for neuroendocrine tumors
- Y-90 microspheres for treating colorectal cancer that has metastasized to the liver
- 131-I-MIBG for pediatric neuroblastoma, as well as for neuroendocrine and paraganglioma tumors

- FDA approved Lu-177 PSMA treatment will be offered for treating metastatic castration-resistant prostate cancer (MCRP). Additionally, Specialty PET imaging is offered for:
  - Ga-68 PSMA Illuccix imaging, for staging/restaging prostate cancer
  - Cu-64 Dotatate imaging, for neuroendocrine tumor
  - F18 Cerianna imaging, for HER2-positive breast cancer Ostomy

**LOCATIONS**

Diagnostic imaging is available at two M Health Fairview locations; treatment is offered at M Health Fairview University of Minnesota Medical Center - East Bank.

**M Health Fairview University of Minnesota Medical Center - East Bank**  
Diagnostic Imaging and Radiotheranostics Treatment  
500 Harvard St. SE  
Minneapolis, MN 55455

**M Health Fairview St. John's Hospital Imaging Center**  
Diagnostic Imaging  
1575 Beam Ave.  
Maplewood, MN 55109

For general questions about radiotheranostics, please contact: Brad Humphrey, Nuclear Medicine Manager.  
**DIRECT PHONE:** 612-273-9275  
**EMAIL:** brad.humphrey@fairview.org  
**M HEALTH FAIRVIEW RADIOTHERANOSTICS DEPARTMENT PHONE:** 612-273-5760

**REFERRAL PROCESS**

After the referral is submitted, our preauthorization team reviews the order and, upon approval, contacts the patient to schedule. If preauthorization is denied, the referring provider and patient discuss alternative plans.

**HOW TO REFER AND ORDER IMAGING**

External providers: Please fax signed written orders and insurance information to 612-273-6814, including patient demographics and both patient and ordering clinician direct callback numbers.

Internal providers: Place future orders in Epic and send In Basket communication to the theranostics pool to initiate the preauthorization process.

**HOW TO REFER AND ORDER FOR ANY OF THE TREATMENTS NOTED**

External providers: please call 855-486-7226.

Internal providers: Place Oncology/Hematology Adult Referral (9023). Enter information into the "My Clinical Question is" free text field on why you are referring and select Medical Oncology in the "Reason for Referral."

## LABORATORY SERVICES

The M Health Fairview Reference Laboratory (MRL) offers comprehensive, quality, and timely lab services. Our dedicated, expert laboratory team partners closely with providers to create and deliver innovative solutions tailored to each group's specific needs, for the best patient care and efficiency.

The MRL team welcomes continued partnership with FPAN members to serve providers and patients optimally.

### SERVICES

- Clinical and pathology laboratory services 24/7
- Courier services, provided at no additional fee, for the transport of specimens and IT support services
- Customized offerings including laboratory reimbursement, patient satisfaction, testing trends
- Direct, local MRL Solutions Center representative available 24/7 (phone, email, fax)
- Free supplies for the collection and transport of specimens to MRL
- Highly defined and monitored laboratory-quality processes to ensure accurate test results
- Laboratory technical consulting expertise to assist sites in quality assurance and laboratory assessment
- MRL local laboratory billing for third party payer, government, or client
- Pricing structure assessment/feasibility analysis
- Web-based portal for online order entry, results retrieval, or interface to providers' EMR and practice management system(s)

## MEDICATION THERAPY MANAGEMENT

M Health Fairview Medication Therapy Management (MTM) is a service designed to help you get the most from your medicines. Our specially trained pharmacists work closely with you and your other providers to solve any problems related to your medicines to help you get the best possible treatment results.

### REASONS TO CONSIDER MTM

Managing your health becomes more difficult if you are taking more than one kind of medicine. You may wonder:

- Are my medicines working the way they should?
- Can I do anything about their side effects?
- Am I taking them in the right order and at the right time of day?
- Are my medicines interacting with each other?
- Why am I taking all these medicines?
- Are all my medicines really making me feel better?

We can help you answer these questions and get the full benefits from the medicines you take.

### PERSONALIZED ADVICE TO GET THE MOST OUT OF YOUR MEDICATIONS

During a private meeting — by phone, web, or at one of our many service locations — your MTM pharmacist will review your medicines and answer any questions you may have. You'll get a list of all your medicines with detailed advice on how to get the most out of them.

Working with your other providers, your MTM pharmacist will review your health status and treatment plan. This way, your pharmacist can help make sure that:

- You are taking the right amount of medicine
- Your medicines are not interacting with each other
- You are taking only the medicines you need
- Any vitamins, supplements, or over-the-counter drugs you are taking are safe and effective
- You are not spending more than you need to for your medicines

### MTM MAKES A DIFFERENCE

Patients using MTM are more likely to feel better, be healthier, and get the benefits they expect from their medicines.

### SPECIALTY SERVICES

- Cardiology
- Cystic Fibrosis
- Dermatology
- Endocrinology
- Family Practice
- Gastroenterology
- Geriatrics
- Infectious Disease
- Neurology
- Pharmacogenomics
- Rheumatology
- Riverside Psychiatry

**WEB:** [mhealthfairview.org/service/Medication-Therapy-Management](http://mhealthfairview.org/service/Medication-Therapy-Management)

Call or email to schedule an MTM appointment. Appointments are available at more than 50 M Health Fairview clinic locations, and you do not need to be a patient of an M Health Fairview clinic or hospital to use our MTM service.

### CONVENIENT SERVICE OPTIONS

- Face-to-face visits at any of our 50+ locations
- Phone visit
- Video visit

*"The decision to take part in this program has been one of the best ones I've made."*

— M Health Fairview MTM patient

**PHARMACY FAIRVIEW COMPOUNDING PHARMACY**

Fairview Compounding Pharmacy (part of Fairview Pharmacy/M Health Fairview) provides extensive compounding and consulting services with expert staff, high quality standards, local production, and free delivery for optimal patient care and convenience.

We welcome the opportunity to partner to serve your patients' complete compounding needs.

**SERVICES**

- Easy refill options include phone, text, email, app, or voicemail
- Free delivery to patient's residence or pick up at any Fairview Pharmacy
- Most insurance plans are accepted. Pharmacy staff informs the patient of their out-of-pocket cost.
- Patients are contacted within one business day of receiving the prescription, often the same day
- Wide variety of compounded medications (see examples below)

**EXAMPLES OF OUR MOST COMMON COMPOUNDS**

- Allergy immunotherapy serums
- Bioidentical hormone replacement
- Hypoallergenic formulations
- Low-dose naltrexone (LDN)
- Nonsterile: liquids, capsules, troches, suppositories, nasal sprays
- Orthopedic surgery injections/irrigations: knee, hip antibiotics, etc.
- Sterile: injections, irrigations, inhalations, drops
- Surgical pain pumps: bupivacaine, ropivacaine, etc.
- Topical pain creams

**THREE EASY WAYS TO PRESCRIBE**

1. Electronic prescribing: listed as "Fairview Compounding Pharmacy"
2. Fax: 866-342-7647
3. Phone: 612-672-5737

**EASY REFILL OPTIONS**

We recommend patients contact Fairview Compounding Pharmacy seven days in advance for their refills. They can use the automated refill line, speak with pharmacy staff, or leave the request on a secured voicemail.

**FREE DELIVERY OPTIONS**

The patient can either have their prescription(s) delivered directly to them\* or have them sent to the nearest Fairview Pharmacy for pickup. Pharmacy staff will call the patient directly for insurance and payment information.

\*May be restricted under insurance plan; we will verify on patient's behalf.

711 Kasota Ave. SE, Minneapolis, MN 55414

**PHARMACY FAIRVIEW SPECIALTY PHARMACY**

**COMPREHENSIVE AMBULATORY PHARMACY SERVICES INCLUDING PRIOR AUTHORIZATION**

Fairview Specialty Pharmacy, owned by the nonprofit Fairview Health Services and part of M Health Fairview, is a comprehensive specialty pharmacy with free nationwide shipping and unparalleled flexibility in working with all clinics and health plans. We handle every facet of the specialty prescription process and from benefits investigation (including prior authorizations), financial assistance program eligibility and enrollment to pharmacist counseling, dispensing, shipping, and ongoing therapy management. Patients can also fill other prescriptions and order over-the-counter pharmacy supplies at the same time, to include all aspects of their care plan.

**PATIENT SUPPORT SERVICES**

- Every call is answered live at Fairview Specialty Pharmacy, where pharmacists and technicians are available to answer questions, navigate insurance and financial assistance, and set up new orders
- Therapy management team members, with expertise in over 20 disease states, are dedicated to monitoring patient care plans to make sure patients are achieving the best outcomes with their prescribed medication
- Specialty medication orders are delivered to a patient's home or workplace with all the necessary supplies, such as needles or sharps containers, at no cost. When appropriate, direct-to-clinic delivery is also available.
- Fairview LINK offers patients a secure, HIPAA-compliant mobile web portal to communicate with the pharmacy, approve refill orders, and view medication details

**CLINIC SUPPORT SERVICES**

- Your team will have a single point of contact and prompt communication from our team throughout your patient's healthcare journey
- Patient financial advocates handle benefits investigations, prior authorizations, and appeals so you and your team can focus on what you do best: caring for your patients
- Dedicated payer and pharma teams work with health insurers to achieve preferred specialty pharmacy status for many major local insurers, such as Blue Cross Blue Shield, HealthPartners, and UnitedHealthcare, among many others. To learn more about specific payer relations, contact [gene.klun@fairview.org](mailto:gene.klun@fairview.org)
- We have wider access to limited distribution drugs than our competition. And if we can't fill the prescription, we'll triage the order to a location that can. Contact us to request our drug access list.

**ACCREDITATIONS AND RECOGNITION**

Fairview Specialty Pharmacy has earned URAC's Specialty Pharmacy Accreditation with an additional Rare Disease Pharmacy Center of Excellence Designation. We're proud to be one of only a few specialty pharmacies in the country to receive this prestigious recognition. Additionally, our pharmacy has Joint Commission accreditation through the Home Health Accreditation program.

**READY TO PRESCRIBE? HERE'S HOW:**

If transmitting electronically, select "FAIRVIEW MAIL ORDER/SPECIALTY PHARMACY" from your EHR drop-down list.

**WEBSITE (PRESCRIBER SPECIFIC):**  
[specialtypharmacy.fairview.org/prescribers](https://specialtypharmacy.fairview.org/prescribers)

**FAX:** 866-347-4939

**PHONE:** 612-672-5260

**(TOLL FREE):** 800-595-7140

Fairview Specialty Pharmacy can fill your patient's specialty and mail order medications, or we'll find out who can. Send us the prescription and we'll handle the benefits investigation.
